Josh,

Thank you for your quote which is VERY affordable. However, the 1 cell phone for the library director is still under contract. I believe the erate for this phone runs out Nov. 1, 2013. I see that your service is month-to-month. I will share the information with our business manager and consider adding the SPRINT spin to the vendor list. Of course, we need to check with other Sprint customers to see if they are satisfied by the coverage in our area.

Thanks for responding,

Subject: 470 Application Response from Sprint-CHERRY VALLEY DISTRICT LIBRARY-NEW-#478330001083368-FY2013-2014-VG280904

Dear Eve G. Kirk,

Thank you for allowing Sprint Nextel ('Sprint') to respond to your Form 470 request; attached is a high level quotation based on your school district's 470 application.

Sprint has a previously negotiated master contract with MICTA, BSG1001-0053R4, which is available as a contracting vehicle for your organization. By using this contract vehicle, Sprint can simplify the contracting process and allow you to focus on other aspects of the required Form 471 documentation. Under MICTA, BSG1001-0053R4, Sprint requires only a purchase order submittal to begin providing products and services.

Sprint hopes that the information provided is a valuable resource in our developing relationship. Please feel free to contact Sprint's E-Rate Helpline at 1-866-414-3225, if you have any questions regarding your

quotation, contracting inquiries, or if you prefer to meet with a sales representative directly, please contact JOSH HOWELL, Public Sector Account Manager, Mobile # 847-343-0397, Josh.Howell@Sprint.com.

If you wish to accept the terms of this quotation, please sign the quotation, the terms attachment, and the MiCTA Member participation Enrollment Form and fax back to 1-866-497-8675. Existing customers wishing to continue current services please sign the 'Existing Plans' quotation and the terms attachment and fax back to 1-866-497-8675. If the proposed (new plans) are being accepted, please note that prior to July 1st you will want to contact your sales representative and/or customer care (1-800-390-7545) to implement all rate changes.

Sincerely,

Sprint Nextel's E-Rate Management Team

Dear Peggy,

Thank you for your wireless proposal. The library is still under contract until Nov. 2013 for a previous Verizon Wireless contract that is not through the state. I know there is a way to add your SPIN as an additional SPIN under wireless services for the ensuing FY. I will carefully read through the attachment and compare it to the current contract.
